7. OLD BUSINESS (Part 2)

A. Sample Book Of Documentation: (On-Going)

Following Ordinance re-write, documentation to be compiled to facilitate paperwork completion by Owners/Contractors. In the meantime, any particularly exemplary paperwork will be identified and extracted for the book. Meunier to create or contact Lori Griffin re putting together drafts of potential permit applications. (Suggest having one house with appropriate drawings showing processes/paperwork required for new construction, new roof, deck, landscaping, etc.)

B. Issues/Concerns/Complaints:

- 1) Complaint presented (with photos) of a non-compliant short-term rental property (trash, bottles, forest debris). Porter to send a letter to owner/property manager.
- 2) It was noticed there are tree cages at 128 Mulligan, as well as a 3' high fence for dogs that has non-compliant chicken wire. Porter sent letter to owner on 16 June w/response due by 16 June.
- 3) Non-compliant storage shed – Country Club Condos. It was noticed a non-permitted detached storage shed was being built. Porter red-tagged the construction, however construction continued. Santos contacted the Village, and no permit has been issued for this construction. Village inspectors to follow-up. Porter sent letter to Condo owners on 16 June w/response due by 16 June.

Owen Smith (the POC for Country Club Condos) came to meeting. The 16 June violation notification letter to each owner was initially disregarded as it contained inaccurate info (referenced AV Townhouses, incorrect street and legal address). He was concerned that rather than sending the letter to the Condo Association it was sent to the individual owners – and as they are a Condo vs Townhouse entity, that the letter should have been sent to the Condo Association to handle vs each owner. Smith relayed the previous Condo president had left his position, and Smith had taken over and was attempting to resolve outstanding issues. The Association had agreed on the need for storage for Association documents, commonly held maintenance supplies, sprinkler heads, paint, tools, etc., and that he would present the Minutes from that meeting approving the construction. Smith was advised of the need for a VOR to ensure the safety of the building on the existing cement slab, and for the Association to submit a permit to the ALSZD. Smith will compile and prepare the appropriate documents, or the shed will be removed.

C. Past Actions:

- 1) Forest Health –The primary task of Zoning is the health, safety, and welfare of the entire ALSZD.
 - a. ALSZD to proactively proceed with identifying properties, sending notification letters to pertinent owners that property is in violation of Section 16 of the ALSZD Ordinance.
 - i. Initial letters sent will be to those properties identified by Zoning and the ACC/Board, along with complaints received from residents. (Porter is in the process of driving around ALGCC and identifying properties perceived to be in violation.)
 - ii. Follow-up letters will be sent if there is no resolution or communication.
 - iii. If no response/action from recipient is received within 30 days of follow-up letter date, letter to be sent with notice of proposed legal action.
- 2) Discussion re amending Zoning Ordinance for non-solicitation (or possibly issuing a Conditional or Special Use permit). No additional work yet done on this.
- 3) Status of revision of Joint Complaint Form. No additional work yet done on this.
- 4) Resolution 2014-02: Language and procedures below for upcoming ALSZD elections to be held 16 September. Declaration of Candidacy and Write-in Candidacy forms may be obtained from either the Lincoln County Clerk of Elections, any ALSZD Commissioner, or on the ALSZD website (www.alszd.org).
